

# Technology and Industrialisation in Africa

By Anita Prakash

[www.thinkasia.org](http://www.thinkasia.org)

Industrialisation is important for Africa's growth and sustainable development. Deepening the manufacturing sector and greater integration in global value chains will build more resilient economies. Industrialisation will harness Africa's huge resources in agriculture, mining, and maritime resources, as well as a youthful labour force. Suitable and focused policies can harness these resources. African countries can leverage
